

# Linea Announces Extended Leadership Team

## News Release

### Linea forms an enhanced panel of expert partners and technical specialists.

Managing Complex Change requires a concerted and orchestrated approach via a team of specialists from various disciplines and sectors with a shared passion for excellence, commitment to deliver positive results and mutual determination to put clients at the centre of everything we do.

We are pleased and honoured to communicate our new and enhanced leadership team which comprises both Partners and Technical Specialists who are leaders and experts within their respective fields. Together we present a broad and comprehensive skill-set, which can be deployed individually or collectively to assist clients manage Complex Change across a wide range of

sectors, internationally.

Our enhanced team present a cadre of expertise incorporating:

- Restructuring, turnaround & transformation
- Continuous Improvement & accelerated performance
- Leadership development and effectiveness
- Workforce, human capital and cultural change
- Programme & project management
- Lean and operational excellence.

Further information regarding our leadership team can be accessed via <https://www.lineagroup.net/leadership/> , which includes pictures, bios and contact details.
